# Torrey Pines

**TEDxTorreyPines** marks the first time a TEDx event has been held in the Torrey Pines community and began in February 2026. Independently organized, TEDxTorreyPines brings together doers and thinkers, innovators and creatives, explorers and visionaries, teachers and learners. Guided by its inaugural theme, *Elevate*, the event aims to elevate ideas and perspectives that expand horizons, challenge assumptions, inspire action, and foster meaningful new connections. Rooted in the spirit of discovery that defines Torrey Pines, TEDxTorreyPines seeks to elevate voices and conversations that resonate far beyond the stage.
